

Street food staff wanted – Seasonal work at festivals

Up for a different summer job?

We're looking for fun, responsible and a bit mad people to join us in one of our food trucks or food tents, touring festivals this summer.

You need to be service minded, work well under pressure(!), and easy going. Fluent in English or Swedish, Danish and German creditable, so is a B or higher driver's license.

We have a few events abroad.

The tasks mainly consist of serving and preparing street food, but also building up and packing the different units.

The season stretches from the end of May to September. Week 23 & 24 will be our biggest events so we will need an additional number of staff those two weeks. (Sweden Rock Festival & Copenhell)
